KEY FEATURES

SOLID BRUSHED BRASS

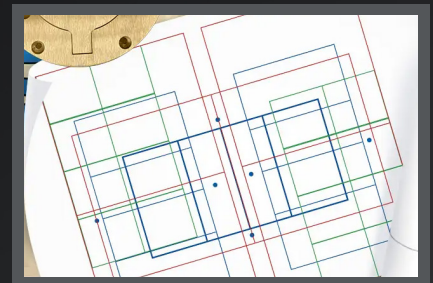

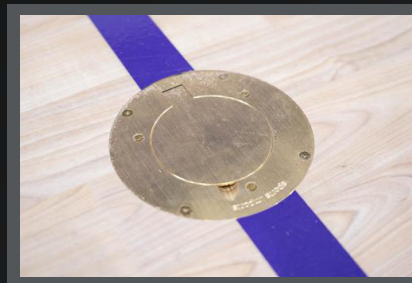

Solid brass construction blends with wood and resists long-term wear.

PRECISION ENGINEERED

Designed to float freely with the wood floor to prevent buckling.

INSTALLATION ASSISTANCE

Expert consultation ensures correct installation and lasting system performance.

SOLUTION FOR EVERY PROGRAM

KA25-F® FLOORPLATE

- Solid brass floorplate blends with wood and preserves hardwood integrity.
- Brushed finish with heavy, hinged design allows paint/stripping and prevents lifting.
- 6 5/8" outside diameter, 3 11/16" inside diameter compatible across all floor types.

KA25-S® SLEEVE

- Heavy-duty DOM tubular steel construction with corrosion-resistant nitrate coating.
- Integrated attachment flange assures accurate sleeve depth during installation.
- 3" inside diameter, compatible with Sports Imports indoor volleyball poles.
- Available in stainless steel.

KA25-FW FLOORPLATE

- Larger 5" opening provides more tolerance for floating wood floors.
- 6 5/8" outside diameter similar to the KA25-F but has a larger, heavier hinged cap.
- Heavy-duty solid brass design prevents lifting and dead spots.
- Compatible with Sports Imports and Senoh poles on all floor types, but specifically designed for wood.

VOLLEYBALL SLEEVE ADAPTER

- Provides a solution so 3" volleyball and multi-sport pole systems can be used in larger existing sleeves.
- Sleeve adapters reduce sleeve size for a snug fit.
- 3 1/2" and 4" adapters in stock or custom-made to avoid installation retrofitting.
- Includes set screw and Allen wrench for secure fit.

KA25-O/00 FLOORPLATES

- Solid brass floorplate for volleyball and tennis courts, available in 7 5/8" (KA25-O) or 8 5/8" (KA25-00) diameters.
- Brushed brass finish blends with wood and allows paint and striping.
- Heavy, hinged design stays secure and provides safe, easy access.
- Larger opening of 4 11/16" offers more tolerance for floating floors.

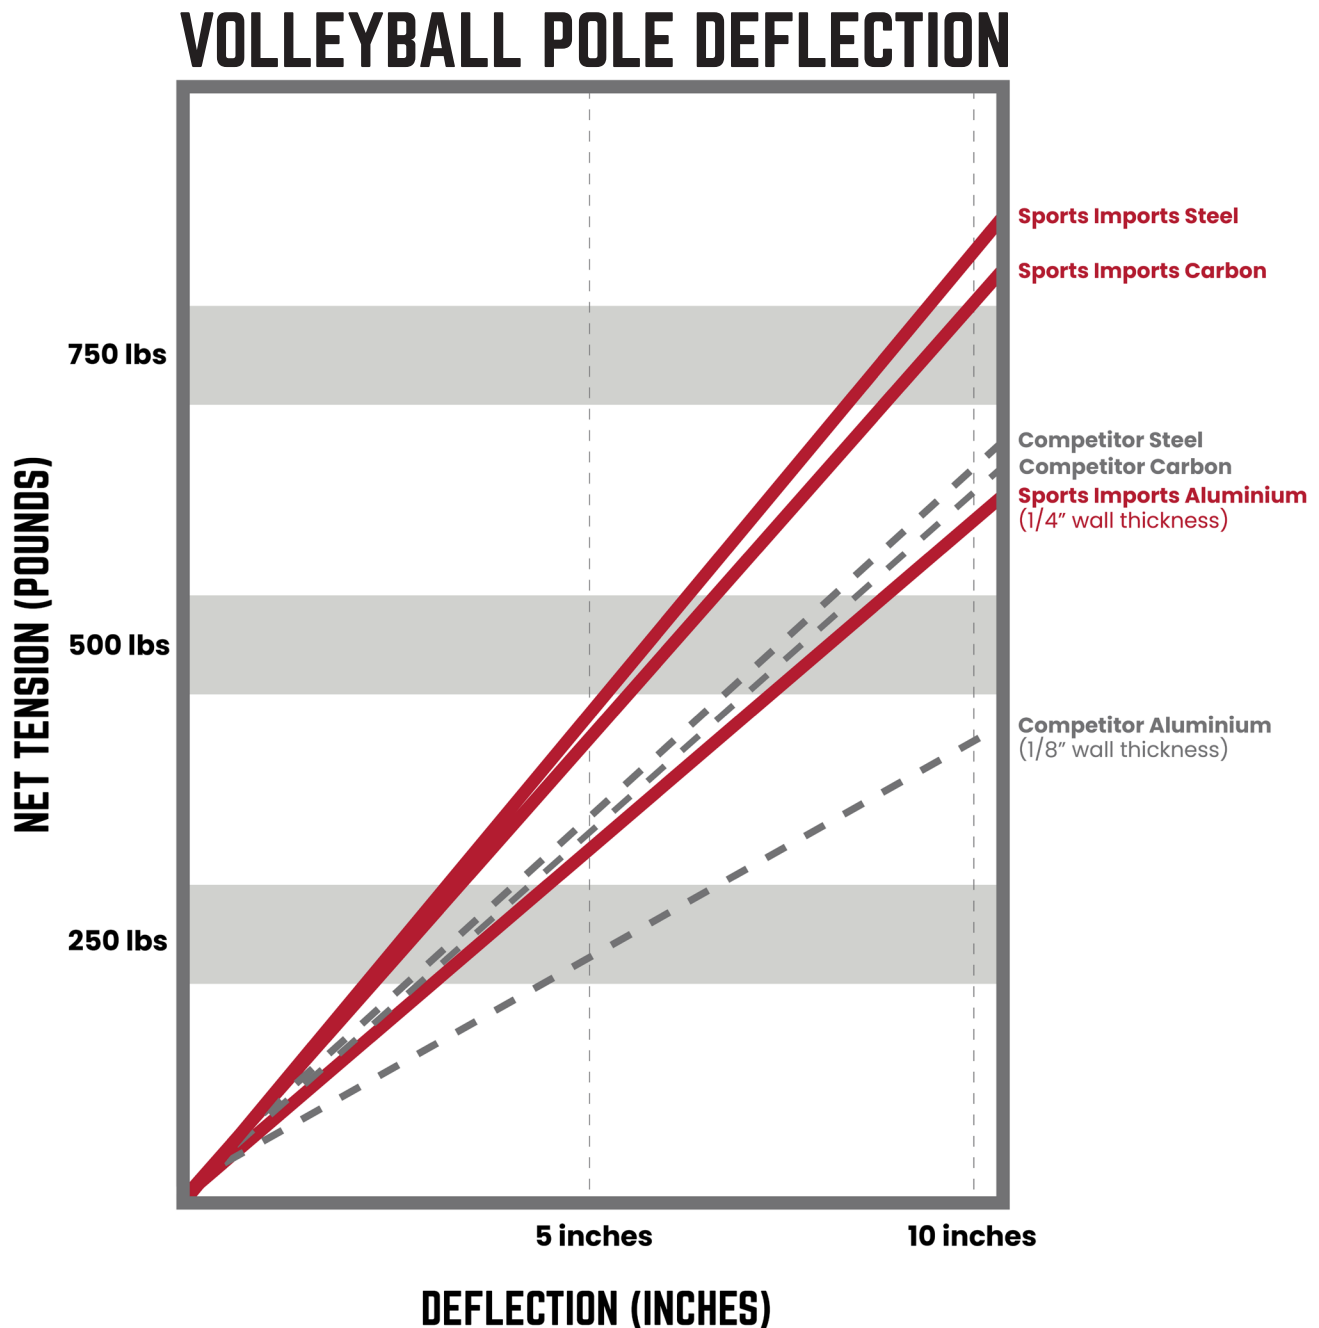

KA25-SS STAINLESS STEEL FLOORPLATE & SLEEVE

- Heavy-duty stainless-steel sleeve and floorplate for indoor/outdoor installations across synthetic flooring, tile, Taraflex, Sport Court, and outdoor surfaces.
- Multi-sport compatible with Sports Imports volleyball, pickleball, and tennis pole systems.
- KA25-SS floorplate and sleeve sold separately.

OUR POLES SET THE STANDARD

INDOOR POLES

At Sports Imports, we've spent five decades engineering the most advanced volleyball poles in the game. Our durable and precise carbon fiber, aluminum, and steel volleyball net systems are used in over 94% of NCAA Division 1 programs, with more than 77,000 net systems purchased since 1976.

OUR SERVICES

SURVEYING AND EQUIPMENT EVALUATIONS

Our direct support team will provide expertise on Indoor and Beach Volleyball Net System solutions to help you determine the best equipment for your program. They will also help answer any questions on new build-outs, facility solutions, and court design.

CONTACT YOUR EQUIPMENT EXPERT

INSTALLATION

Since 1976, we've played a role in advancing volleyball in the United States by introducing a new way to install floorplates and sleeves, anchoring them directly into a facility's foundation for greater stability and safety. This approach quickly proved more effective than older methods like weighted bases, floor screws, and guy wires, and has since become a trusted standard across all levels of play, from professional arenas and colleges to high schools and community gyms.

When you work with Sports Imports, you're choosing a team with deep experience and a strong track record. We bring that knowledge to every project, delivering dependable, high-quality solutions built to perform.

START PLANNING YOUR NEW FACILITY

NEW CONSTRUCTION SERVICES

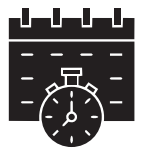

50 YEARS OF INSTALLATION EXPERTISE

We pioneered volleyball floor installation in the U.S. and have been trusted on championship-level courts nationwide, from schools to elite venues.

INSTALLATION DONE RIGHT THE FIRST TIME

We provide layout guidance, sleeve placement expertise, and installation best practices to ensure proper alignment and avoid costly rework or delays.

SMARTER LONG-TERM VALUE

Our carbon net systems require 90% less maintenance and have a pole life cycle up to three times longer than competitor offerings. The result is fewer replacements and greater value over the life of your equipment.

PROJECT ESTIMATION SUPPORT

Work directly with experienced volleyball project professionals and estimators who manage timelines, specifications, budgeting, and final bids. Before, during, and after installation, our team remains your direct support, providing purchase estimation and ongoing customer service every step of the way.

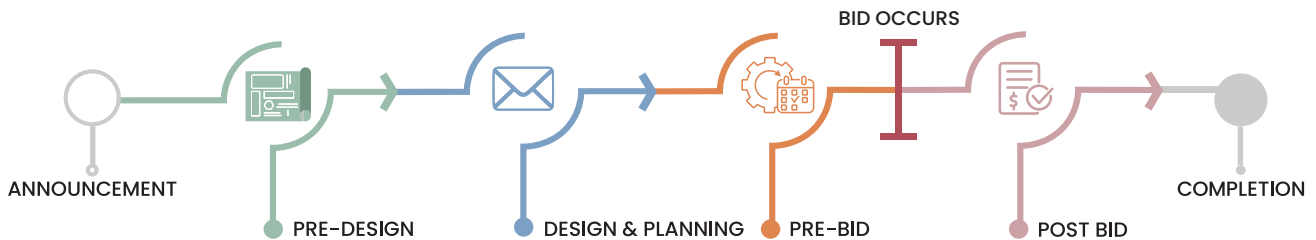

TRUSTED BY TOP ORGANIZATIONS

Official Net System for the NCAA (Colleges), NJCAA (Junior Colleges), USAV (Clubs), NFHS (High Schools), AVCA (Coaches), and LOVB (Professional), delivering reliable performance where it matters most at any level of play.

NEW CONSTRUCTION PROCESS

As programs grow, court needs evolve, and Sports Imports is built to grow with them. From adding cross courts to reinstalling sleeves or reworking layouts, we make volleyball court installation straightforward and reliable. Our systems support multi-sport facilities, seamlessly transitioning between volleyball, badminton, pickleball, and tennis without sacrificing performance.

Building a new facility is a multi-phase process. We partner with you from planning through installation to ensure the right equipment is specified, bid, and installed.

CHAMPIONSHIP

2025 - KANSAS CITY

DI WOMEN'S
VOLLEYBALL
CHAMPIONSHIP
2025 - KANSAS CITY

SPORTS IMPORTS WAS BUILT BY ATHLETES.

IN 1976, WE SAW WHAT VOLLEYBALL COULD BECOME, AND COMMITTED TO
ENGINEERING THE SYSTEMS WORTHY OF IT. FOR FIFTY YEARS, WE'VE STOOD AT
THE CENTER OF CHAMPIONSHIPS, NOT FOR RECOGNITION, BUT FOR RELIABILITY.

COACHES TRUST US.
PROGRAMS DEPEND ON US.
THE SPORT HAS GROWN ALONGSIDE US.

WE DIDN'T RISE BY BEING LOUD. WE ROSE BY BEING PRECISE.

BY CREATING STANDARDS OTHERS NOW FOLLOW.
BY DELIVERING EQUIPMENT THAT HOLDS UNDER PRESSURE.
BY OPERATING AS A DISCIPLINED, TEAM-FIRST ORGANIZATION.

WE ARE PROUD OF WHAT WE'VE BUILT.
AND WE'RE STILL HUNGRY.

BECAUSE THE GAME IS EVOLVING.

AND WE INTEND TO GROW WITH IT AND ELEVATE THE GAME.

PRESIDENT & CEO,

Danielle Calo
